

EMBRACE LIFELINE: LEBANON'S NATIONAL EMOTIONAL SUPPORT AND SUICIDE PREVENTION HELPLINE

IN COLLABORATION WITH THE NATIONAL MENTAL HEALTH PROGRAM AT THE
MINISTRY OF PUBLIC HEALTH

MONTHLY EMBRACE LIFELINE INDICATORS

OCTOBER 2020

Introduction

Embrace Lifeline is the national helpline in Lebanon for emotional support and suicide prevention. As part of its mission, and in collaboration with the National Mental Health Program of the Ministry of Public Health (MOPH), Embrace captures, analyses, and disseminates aggregate data related to the Embrace Helpline. The data is meant to offer a snapshot of the characteristics of callers to the helpline.

Methodology

Embrace Lifeline's trained operators capture anonymous data through a secure computerized system. The non-identifiable data is then analysed and reported on a monthly basis. While we strive to capture all data from all calls received, some data remain missing. However, the metrics in this document can be considered representative of calls received during the reported time-period.
